Stephen E. Cross
Director, Software Engineering Institute

Stephen E. Cross is the Director of the Software Engineering Institute at Carnegie Mellon University. He was appointed to this position on November 1, 1996. He also serves as a Principal Research Scientist in the Robotics Institute at the School of Computer Science.

Previously, he was the Deputy Director of the Software and Intelligent Systems Technology Office at the Defense Advanced Research Projects Agency (DARPA). He has published over 50 papers on technology and the applications of advanced information processing technology. He is the Chairman of the DARPA Information Science and Technology (ISAT) panel for 1998.

Dr. Cross received his Ph.D. from the University of Illinois in 1983, his MSEE from the Air Force Institute of Technology in 1977, and his BSEE from the University of Cincinnati in 1974. He is a graduate of the USAF Test Pilot School, the USAF Air War College, and the National Defense University. He retired from the USAF in 1994.
