Brainstorm of a Cost Estimation Research Roadmap thru 2030

Dave Zubrow
Robert Stoddard
Bill Nichols
Mike Konrad
Brainstorm Agenda

1. **Top Level Challenge Categories (25 mins)**
   - Project Methodologies, Technology Stack (e.g. Agile, Automated Testing, DevOps)
   - Application Domain and Operating Environment, Product Technology
   - Acquisition Management
   - Acquisition Policies and Regulations
   - Engineering Solution and Work Products

2. Drill down to Cost Estimation Challenges (15 mins)
   - Data Sources
   - Developing CERs / Analysis

3. Wrap-up / Next Steps (5 mins)
